"...It would therefore be good for each particular Church to offer them the possibility, even if at a local level, of a personal experience of a “festival of faith” that can be a powerful occasion for witnessing, communion and prayer similar to the international events. Those global WYDs have profoundly touched the lives of very many young people in every part of the world.."

Pastoral Guidelines for the Celebration of World Youth Day in the Particular Churches" issued by the Dicastery for the Laity, Family and Life, 18.05.2021

"... Moreover, when World Youth Day is celebrated at the local level, it has immensely important significance for particular Churches. It serves to raise awareness among the ecclesial community as a whole – laity, priests, consecrated persons, families, adults and the elderly – of their mission to transmit the faith to the younger generations.."
